

2016 SUMMER CAMP RECAP

The 2016 summer program ran from June 27– August 5 with over 500 campers enrolled.

Pictured below are just a few of the activities from our “Funday Fridays”.

The Clubhouse site received a visit from the Saratoga Children’s Museum and participated in a hands on program called “Wacky Water”. They also got a chance to jump in the bounce castle, which is a favorite activity among campers.

Shown above campers from the Mechanicville site patiently observe a tae kwon do demonstration and eagerly await their turn to give board breaking a try. These demonstrations teach discipline and give campers a chance to learn a little bit about tae kwon do.

Halloween came early this year for the Pavilion site. This “Funday Friday” included a photo booth, DJ, and various party games and contests. Even though not everyone dressed up, it’s safe to say everyone had a blast.

In addition to all these fun on-site activities we offered field trips Monday– Thursday!

Campers who stay on site for the day participate in sports, arts & crafts, playground, indoor games, and field time.
