Supervisor Kevin J. Tollisen  
Town of Halfmoon  
2 Halfmoon Town Plaza  
Halfmoon, NY 12065

US Army Corps of Engineers  
Wetland Permit Application

Dear Supervisor Tollisen:

Thank you for your letter addressed to our Mr. Donald Hallock which was received earlier today. We provide the following clarification regarding the subject matter of the current Public Notice:

- The permit application which is currently in a public comment period is an application to the US Army Corps of Engineers associated with the proposed impact to a 1.43-acre wetland area.
- Although this wetland permit application is associated with our landfill development plans, the Part 360 Solid Waste permit application for the Area 7 Development is a separate application which has not yet been deemed complete by the New York State Department of Environmental Conservation (NYSDEC), and therefore, the public comment period related to the Solid Waste permit application has not yet started.
- Any request to extend the public comment period related to the wetland permit application will need to be addressed to the US Army Corps of Engineers.

We share your goal to keep the public informed to the best of our abilities. Please let us know if we may be of further assistance.

Yours truly  
Capital Region Landfills

Lee Wilson  
Division Landfill Manager
